To whom it may concern

We hereby confirm that Sutech Engineering Co. Ltd provided valuable and professional design, management and consulting services to our project as follows:

Sugar Refinery in Lampung, Indonesia

This refinery was designed for 600 TRD in 2011. The refinery met all performance guarantees and PT AKG was completely satisfied with the services provided by Sutech.

As result of the confidence we have in Sutech, we have subsequently appointed Sutech to provide a raw sugar factory of 8,000 TCD at Terbangi Besar, Lampung Tengah. This project is in progress.

We would have no hesitation to appoint Sutech Engineering for any future projects and can recommend them to any potential Clients as a Project Management Consultant.

Yours faithfully,

Sudarmo Tasmin

Deputy President Director
