Reference of Services Provided

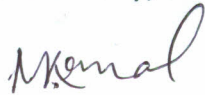

We hereby confirm that Sutech Consultants and Sutech Engineering Co. Ltd. provided valuable and professional design, management and consulting services to our sugar refinery projects as follows:

Project Description

This project was for a 900 TRD Refinery situated in Bangladesh in 2005.

The Sugar refinery project was originally for 900 TRD and was successfully completed to our complete satisfaction. Sutech carried out the entire management of this project competently resulting in completion on time and within budget. We can recommend Sutech Engineering for any sugar production projects to any potential Clients.

Yours faithfully,

Mostafa Kamal
Managing Director
